SUBJECT.

Information as to the principles upon which the late Dewan Purnaiya fixed the original Colleges Pension.

Bangalore 29th Sept. 189
3rd Oct.

Mr

The Jaina Bakshi is requested to furnish information as to the principles upon which the Dewan Purnaya fixes the original Jaileyar pensions. It has been stated that they were mostly temporary allowances for expenses during residence at H.Q. Quarters, & that the original idea was to make some settlement of land upon each family - Is there any truth in this? - Some of the older Jaileyars would be able to give information which may lead to the necessary references being traced up - The old reports if any upon the subject should be referred to

Memo

Chief Secretary in his Memo
No 16 dated 29th September 1893
ordered information being furnished
on the following points:—

(1) As to the principles upon
which Dewan Purniah fixed
the original Palegar pensions—

(2) As to existence any truth
in the statement that the present
pensions were merely temporary
and the original idea of Dewan
Purniah was to make some
settlement of land upon each
Palegar family.

2. As regards the first point
Khazana Bakshis report No 3
dated 11th November 1893 is herewith
submitted in which he states
that he has been unable to
obtain any information. Careful
search among the old Records
of this office was equally fruitless
to trace out any reference

dated 8th May 1834 to Government of India the following information can be gathered "Para

"6 x x x The principle adopted by Col Briggs in providing for the Jarry Karry Paligar and which is the same that had long prevailed in the Country, was explained by that officer in his minute of the 4th of August 1832 to be a pension calculated on the daily expense of their prison diet or as stated in another passage, sufficient to support the family on the same terms as they lived in prison."

Except this there has been found nothing Conveying Dewan Purniah's own order on the subject. It is therefore likely that the above principle might been adopted in all the Cases of Paligar pensions with more or less Concessions according to merit and rank.

No 45 of 8-5-1835

point nothing has been gained from Old records to shew that Dewan Poornia had at the time of granting pensions to Palligars a distant view of making settlement of land upon them or of restoring their principalities. Records however disclose that they were making requests to Government now and then for being restored to their forefathers right agreeably to the proclamation of 1st November 1858. Their prayers were to end only in obtaining increments, Once during the time of Col Meade they were offered land on light assessment but they refused to take up.

4. The following Palligars seem to have been originally in enjoyment of land and were subsequently pensioned on the dates specified against them:

Family	Date on which pension was granted
Valagoothy	1806 & 1809.

3 Gummakanna Palyam 1807
4 Manjeerabad —— 1868

5. The family known as Hulikal formed an exception and it was gifted with land, which the decendants enjoy uninterruptedly up to date.

6. There was another Palegar family known as Nakal naika Palyam. This family was in enjoyment of certain lands up to akshaya corresponding to 1806-7. but Dewan Poornaih ordered the resumption of those lands and the grant in return of 200 pagodas a year. This stipend the family was in receipt of up to Pramoduta (1810-11) from Inzaroy Funds. In the following year Projotpatti, under orders from His late Highness, the then surviving Palegar was directed to come to Huzur & receive renewed

Order of grant from H. H.
Lands. But the Palligar
appears to have failed to
appear accordingly. Since
then no pension is Continued
to him.

7. Khazanee Bukshi forwards
with his report referred to in the
2nd para of this Memo Copy of
Dewan Poornia's order promising
the original Palligar of Mangerabad
a Jhagee worth 5,000 pagodas in
Case of his submission to the Maha
Rajah. The order is dated "Rowdri"
Corresponding to 1800-1 A.D.
Records shew that the Palligar did
not accordingly come to any sub-
-missive terms with His Highness.
He having proved disloyal and
rebellious to the State, a force was
subsequently sent against him
under Col. Wellesly. He was captured
and hanged. Some time afterwards
the sons of the rebel Palligar

3 when a pension was granted to them.
And therefore the said order is of
little advantage to the Palligar
who has now produced it, nor can
it in any way support the allega-
tion that Dewan Purnaiah had
a view of conferring lands upon
Palligars.

8. Almost all the Palligars
in the British Territory are now
in the enjoyment of their respective
principalities. The British authori-
ties who administered the Mysore
State immediately after the fall
of Seringapatam might have had
an idea of restoring the Palligars
of Mysore to their positions but
that idea appears to have been
destroyed by the report of Collector
Col. Alex Read who in his letter
dated 19th June 1799 to Genl Harris
strongly urged that no favor be
shewn to the Palligars of Mysore

rebellion", rapacity and murder
and recommended that all
Applications from them for a
"Cowle" or agreement be rejected.
This report appears to have formed
the Ground work to Grant pension
to these Palligars instead of their being
restored.

There are at present 66/63
families enjoying an aggregate
pension of Rs 4715-6-10 from
the Mysore State. For particulars

Sir

With reference to Under Secretary's Memo No 16 dated the 29th September 1893 I have the honor to inform that I have failed to obtain clue to reference bearing on the intention of Government when originally allowing stipends to Pallegars to convert the grant into Inam lands. Ar Kalgood Kristnappah the oldest Pallegar Agent and perhaps the best informed on matters affecting the Pallegar pension and its history is unable to adduce any evidence in the matter. Learning that Kattappah Naik Pallegar of Molacalmoor was enjoying an Inam land a requisition was sent to be furnished with copies of documents conferring on him the Inam. The reply (copy put up) received on the 30th October 1893 discloses that this had not been regularly bestowed so an assessment was charged thereon. Venkatadri Naik Pallegar of the Munjarabad family has an order from Dewan Poornia calling on the Pallegar ancestor to own allegiance to His Highness the late Maha Raja on the promise of a grant of Jaghir worth 5000 Pagodas. The Pallegar business was transacted by the late Kundachar Couteh untill 1841 in which year it was transferred to the Huzur Treasury. The Dewans office records may therefore be searched for old references on the subject.
